**Subject:** Heads Up - Earthjustice

Hi, Stacy and Steve – OEJTIA had a call with the EPA HQ Office of Environmental Justice and Earthjustice today. During the call, your names were provided as points-of-contact for additional questions. Just wanted to give you a heads up that you may be contacted by Ms. Alisa Coe or Mr. Bradley Marshall from Earthjustice. More on Earthjustice: <http://earthjustice.org/>. Thanks! -- Tressa

Good morning, All – We asked Earthjustice to send us their questions in advance in an effort to make our call as productive as possible. Please see below. Thanks! -- Tressa

\*\*\*\*\*

Hello Tressa,

Thank you, once again, for setting-up this call. Here are some of our questions:

1. What happened to containment area 1 (part of the wastewater system)? What, if anything, replaced it?
2. Any theories of what is causing the health problems in the community?
3. Are there any plans to address the defects found in the multimedia compliance inspection report?
4. How much notice did Georgia Pacific receive before the multimedia compliance inspection?
5. The wastewater system for Georgia Pacific has specific permit limits on the amount of air pollutants that can be emitted. Is there any way to determine compliance with these permit limits?
6. Has anyone tested or considered testing the soil?
7. Has anyone tested or considered testing for VOCs?
8. NPDES permit – why is Georgia Pacific allowed to include a creek and lake, after Georgia-Pacific's discharge point, as part of their wastewater treatment?
9. Is any additional testing being planned as part of the NPDES or Title V renewals?
10. What is the timeline on the NPDES and Title V permits?
11. What resources are available for testing in light of this being "making a visible difference" community?
12. The citizens reference receiving a questionnaire from ADEQ, is anyone aware of what this is?

Thanks again, and I look forward to talking with you again on Thursday.

Best,  
Bradley

**Subject:** RE: Are we trying to move the Earthjustice call earlier in the day?

Stacey – Please know that I am doing my best to find a date that works for you, Steve, and the requestor. Perhaps it would be better if you and Steve work directly with the requestor individually to find a date that works for you and your respective programs. The requestor has asked for information that is the responsibility of your offices, and it may be for efficient for you to set a date that will accommodate you and the staff from your divisions that need to be on the call. **Please let me know if you want me to continue coordinating or if you would prefer to handle yourselves.** Thanks! -- Tressa

June 28<sup>th</sup> or June 29<sup>th</sup> from 1-2 p.m. is fine for me at this point. However, realize that schedules may alter some between now and in 2 weeks. I don't think I'll be in the office on June 30<sup>th</sup> (probably leaving early that day for vacation). I assume no dates next week would work.
